<p><b>FaE Electronics SZ Co., Ltd.</b></p>  <p><b>FAE-i53Pro TWS</b>          Truly Wireless Stereo Headphones          Quick Start Guide</p>	<p><b>Safety instructions</b> Please read and retain all safety and usage instructions.</p> <p>Use only accessories/accessories specified by the manufacturer.</p> <p><b>Special Note</b>          To avoid accidental ingestion, keep headphones away from children and pets. The headset contains a lithium battery that can be dangerous if swallowed. If swallowed, seek medical attention immediately. When not in use, store the headset in a capped charging case and keep it away from children and pets.          Do not use the headphones at high volume for long periods of time.          To avoid hearing damage, use the headphones at a comfortable, moderate volume.          Turn down the volume of the device first, then put on the headset, then gradually increase the volume until you reach a comfortable level of hearing.          If you are talking over this headset while driving, use it with caution and follow the applicable laws regarding the use of your phone and headset. In some places, the law has special restrictions on the use of such products when driving, such as the configuration of a single ear. Do not use the headset for other purposes while driving.          If you are using headphones when you are engaged in activities that require concentration, you should be aware of the safety of yourself and others, such as when riding a bicycle or walking on or near roads, construction sites or railways, and follow the relevant laws regarding the use of headphones. You should remove the headphones or adjust the volume to make sure you can hear the surrounding sounds, including alarms and warnings.          Children are not allowed to use headphones.          Do not immerse the headphones in water or expose them to moisture for long periods of time, or wear them in water sports such as swimming, water skiing, and surfing.          Basic precautions should be observed when using this product:          Read all instructions before using the charging case.</p>	<p>The charging box must not be exposed to substances such as water, rain, liquid or snow.          Using a power source or charger that is not recommended or sold by the battery manufacturer may result in a risk of fire or personal injury.          Do not use the charging case beyond the rated output power.          Do not use a damaged or modified charging box. Damaged or modified batteries can cause fire, explosion, or unpredictable dangers such as personal injury.</p> <p>Do not remove the charging case. Improper reorganization can result in a risk of fire or personal injury.          Do not disassemble, squeeze or throw the charging box into a fire or at a high temperature. Exposure to fire or temperatures above 100 ° C can cause an explosion.          Only qualified service personnel should perform maintenance operations using the same spare parts.</p> <p>Not suitable for children under 3 years of age.          Contains magnetic materials. Please consult a doctor if it will affect the implantable medical device.</p> <p>Do not modify this product without authorization.          Use this product only under approved power supplies (such as UL, CSA, VDE, CCC) that meet local regulatory requirements.          Do not overheat the product containing the battery (for example, avoid direct sunlight and keep away from fire, etc.). Wipe off the sweat from the headphones and the charging case before charging.</p>	<p><b>Feature</b></p> <p>Bluetooth version 5.0, fast connection, stable transmission, low power consumption, better sound quality.</p> <p>Control: new generation of smart touch technology, eliminating the pressure of the button type, the operation is more comfortable and convenient.          Comfort: Get rid of the wire bondage, lightly fit the auricle, exercise, and listen to the song more comfortable.          Sound quality: The bass is strong, the vocals are delicate, and the treble is clear.</p> <p><b>Packing list</b></p> <p>Headphones*1      Charging case*1          Manual*1      Cable*1</p> <p>Note:          Do not use if the product is partially damaged, please contact an authorized dealer or customer service.          To prevent rust, periodically clean the charging pins on the headphones with a dry, soft cotton rag or similar item.</p>	<p><b>Action Illustration</b></p> <p><b>Auto Power On</b>          Take out the headset and turn it on automatically</p> <p><b>Automatic shut-down</b>          Put it into the charging bin          5 minutes if the pairing fails, the system will shut down automatically</p>	<p><b>Action Illustration</b></p> <p><b>Answer</b>          Press 1 times short.          Keep the current call and answer the second call at the same time (if the phone supports the three-party call function), press for 2 seconds for a long time</p> <p><b>Hang up</b>          Short press 1 hang up          long press 1 second reject</p> <p><b>Play / Pause</b>          Connected / music playing          Short press once to play / pause</p> <p><b>Volume adjustment</b>          / Tail number redial          Press and hold the left ear for 2 seconds to decrease the volume by one level          Press and hold the right ear for 2 seconds: add a level to the volume</p>	<p><b>Action Illustration</b></p> <p><b>Song switching</b>          Music playing          Double click the previous song twice on the left;          Double click on the right twice for the next song.</p> <p><b>Low battery prompt</b>          The low voltage is 3.3V, and the low voltage back left and right any earphone to start 2 prompt sound is once every 2 minutes</p> <p><b>Start voice assistant</b>          3击左右任意耳机启动Siri；          （设备连接状态）</p> <p><b>Bluetooth</b></p>	<p><b>Pairing mode</b></p> <p>When the charging bin is opened, the headset will automatically pair.
